

Aniket Kulkarni

UI/UX Designer/Product Designer

About Me

UI/UX & Product Designer with 4 years of experience designing user-centric digital products across SaaS, aviation, and platform ecosystems. I specialize in transforming complex workflows into intuitive experiences while leveraging AI-assisted workflows to accelerate ideation, design, prototyping, and execution. Passionate about creating scalable systems, building seamless interfaces, and exploring the intersection of design and emerging technology.

Experience

Product Designer @ ScaleUp Software

OCT 2025 – Present

Designing mobile-first products end-to-end, from research and UX strategy to wireframes, prototyping, and final execution. Working across multiple products simultaneously and collaborating with cross-functional teams to create intuitive, scalable experiences that simplify complex user workflows.

UI/UX Designer @ Cargoflash Infotech

AUG 2023 – Oct 2025

At Cargoflash Infotech, I design user-friendly interfaces for aviation SaaS products, handling everything from wireframes to high-fidelity UI. I work closely with cross-functional teams to translate complex workflows into intuitive user experiences.

I contributed to the live project Octoloop.com and helped build a consistent design system in Figma. My daily tools include Figma, FigJam, Miro, and ChatGPT for design, collaboration, and documentation.

UI/UX Consultant @ Cargoflash Infotech

AUG 2022 – AUG 2023

As a UI/UX Consultant at Cargoflash Infotech, I contributed to early-stage product design by creating wireframes, user flows, and UI concepts. I worked with stakeholders to understand requirements and helped shape intuitive user experiences for aviation platforms.

3D Design Intern @ Iqonic Designs

SEP 2021 – DEC 2021

As a 3D Design Intern at Iqonic Designs, I used Blender and Illustrator to create 3D assets and UI elements for digital product packs. These assets were bundled and sold on the company's website, contributing to their commercial design offerings.
